

May 14, 2008

Dear Friends,

Today marks the one year anniversary when McWilliams Family Ministries launched Generations Global. What amazing opportunities we have had over the last 12 months. Our story, *Seeing Beyond*, continues to impact lives. We have spoken in 17 states and have been interviewed on national and international TV and radio programs. In addition, we spoke in Mexico to corporations, churches, and a university. Our story has been carried to multiple nations and it's just the beginning.

Our initial order of five thousand *Seeing Beyond* books looked like a huge amount on that first day when they arrived. But now they are virtually gone and a reprint project at hand has become a ministry priority. We now are prayerfully approaching people like you to consider being underwriters of this sizeable project.

We are down to our last few hundred books. Our immediate need for a reprint is urgent. In faith, we have begun the reprint process to reorder 5,000 copies of the newly revised *Seeing Beyond* with foreword by my dear friend, Zig Ziglar. This new edition will have all the scriptures I refer to in the book printed in the back. This adds to the evangelistic thrust along with the last chapter which challenges the reader to give their life to Jesus Christ.

The distribution of the first printing of the English version has been accomplished by our ministry through speaking engagements and a diverse schedule of events. We have published a Spanish version with a Japanese version to follow. Other languages are waiting. God has amazed us with His far-reaching audience and the many changed lives.

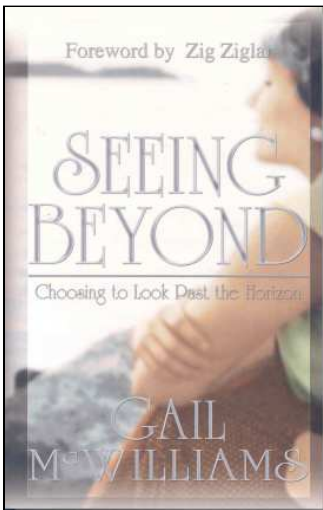

The following testimonies confirm that the book is timeless and a proven tool in the hands of many who enthusiastically pass it on to others. I just spoke at a large Baptist church gathering. The man who introduced me stated he had been given the book by a woman from a church in a different city. She was the third one to be given the book before she passed it on to this man and his wife. A total of five had read it in a matter of a few weeks.

One touching story was of a woman in the St. Louis area who purchased our book at a women's retreat. She passed it on to a friend and the friend did the same. The last friend took the book to read on the plane as she traveled to Sudan for a missions trip. In Sudan she read it to children at the orphanage.

I recently spoke for a Women's Conference in Des Moines, Iowa. To my amazement, the lady in charge told the audience that my book was being used in

Cambodia for a ladies Bible study. The same ones who were using it there used it the previous year on a military base in Japan.

This reminds me of an email I received when the book first came out. A couple had written congratulating me on the book and telling us how much the book had meant to them personally. They said that, in a time of prayer about the book and its potential, they saw fire everywhere. They said it was as though the book would be like wild fire spreading into regions and nations we could not imagine. Such is the case over these past two busy years. In the first three months after the book's release on Mother's Day, 2006, the book was hand carried to 38 nations! The corresponding DVD of our story has accompanied the book most places and is on the Internet. It is now multi-lingual.

I recently spoke for an international conference called HeartBeat and Denmark and New Zealand attendees expressed an interest in our story for their nations. Other opportunities nationally included Crisis Pregnancy Center banquets and the CareNet Conference, a network of 1,100 Crisis Pregnancy Centers. Other venues of ministry have been MOPS (Mothers of Pre-Schoolers), Women's Connections, Marriage and Family Seminars, Women's Conferences and many churches. And during all this Tony and I co-taught 85 presentations for "Godly Parenting" and "Marriage and Family" at Christ for the Nations Institute this last year.

We anticipate a previously recorded interview made when we spoke at *Focus on the Family* to be released next year. The producers asked if we were ready for the response when we air. This is another reason for the urgency of replenishing our inventory.

I often use the subtitle of the book to express what God has done in a short amount of time: "When you choose to look past the horizon—the sky is the limit." Even the sky seems too confining at times for what the Lord is doing in this great day of Harvest!

**Our request to you is to consider helping us underwrite the cost of the reprints.** We are working to raise the remaining \$15,000. This includes the shipping, but we anticipate increased shipping costs because of mounting fuel prices.

We would deeply appreciate your help. We have paid \$2,000 to initiate the order. A partial payment of \$7,500 is due now and the balance is due when the books arrive in a few weeks.

This second printing is truly a milestone and is indication that we are on the right track of touching lives and seeing them transformed by the grace of God. Please join us to underwrite this important reprint of our story.

May our team efforts make the difference. May our hearts beat with His as we value life and see households succeed. May He be glorified in it all!

Thank you for helping underwrite this significant project.

Committed to His purposes,

Gail McWilliams

**Come team with us by:**

- 1. Making a donation to Generations Global via postal mail in the enclosed envelope or online at [www.GailMcWilliams.com](http://www.GailMcWilliams.com)**
- 2. Going to our web site and submitting an order. You may already have Gail's products, but your purchase, which would help us immensely, can also be used as a blessing to someone else.**
- 3. Becoming a Covenant Partner and sending support monthly. Dedicated monthly supporters will always be foundational to all we do.**
- 4. Praying that all our ministry efforts are effective toward transformed lives.**

We want to say thank you.

You have been a significant part of all we have been privileged to do. Your generosity to support this ministry or purchase our products truly enabled us to reach around the globe.

May our combined efforts bring a smile to His face as we continue to seek His strategies for transformed lives.

There is more!

Tony and Gail

The counsel of the Lord stands forever, the plans of His heart to all generations. Psalm 33:11
