To Whom It May Concern:

Please accept this letter of recommendation on behalf of Gail McWilliams.

At our recent annual banquet, Gail shared her testimony that God is more than enough in times of tribulation. Gail offered an exciting witness for her love for life through a refreshing and inspiring presentation, and gave us a delightful musical blend when her three oldest daughters joined their mother in song. Their harmony and love for each other was uplifting.

Our audience was encouraged by Gail's optimistic and realistic approach as she challenged each of us to believe that God's power for provision in the difficult times can be achieved. We had an abundance of positive comments made about her presentation, and several of our attendees shared that the challenge Gail gave to trust God, love each other, and forgive one another brought healing to their family. One young lady told us that she was convicted to choose a better way of life after hearing Gail speak. We were all touched in one way or another by the McWilliams' family and their outstanding presentation.

Gail speaks frequently for Pro-Life fundraising events and in churches sharing her testimony and bringing a paradigm shifting challenge to choose differently. If you want to do something completely different, move your audience and challenge your constituency, we highly recommend that you consider Gail for your next event. Her enthusiastic approach is inspiring in any setting whether for a banquet, seminars, church or corporate event.

For Life,

Angie Hammond
Executive Director
